

GO GREEN CLUB MONTHLY RECAPS

2009-2010

September Recap:

Happy Fall Go Greeners!

These past few weeks have been very exciting in the garden- we tasted fresh tomatoes and roasted pumpkin. We saw our first hummingbird, lots of ladybugs, Monarch butterfly caterpillar, and praying mantis visit.

Can you believe there are still strawberries to pick as well? Going forward, the Go Green kids club meetings will be divided among the age groups. Lori Bautista and Kathy Bean will take the students from grades

1-3 while Mrs. Cullison will manage the 4th and 5th graders. However, we will continue to keep all members on this general email list so you can keep up to date with the garden happenings. In addition, we do many activities where all grades are invited to participate.

For our next meeting on Friday October 18th, we will discuss the natural pesticide free ways we have managed our garden as well as decorating the pumpkins we recently harvested . This will take place in the MPR and again, all grades are invited to join us at their respective lunch recesses. The finished pumpkins will be displayed in the front office and library for all students to enjoy. Hope to see you there!

Best Green Wishes,

Kathy Bean and Lori Bautista
